(Doors open at 6:30pm)

January 20th -

The Future of Food

distills the complex changes in the food system happening today while empowering the consumer to understand the consequences in their food choices.

February 3 -

The Real Dirt on Farmer John

tells the story of one man, his farm & his family - a story that parallels the history of American farming.

February 17 - Food Inc.

our nation's food supply is now controlled by a handful of corporations that often put profit ahead of consumer health.

March 3 - King Corn

two friends, one acre of corn, & the subsidized crop that drives our fast food nation.

March 31 - Our Daily Bread

a provocative documentary that offers an intensely clinical look at the machinery of industrial food production.

KINTON GRANGE

For nearly 130 years Grange halls have existed as community centers where residents gather for events, dances, potlucks and public meetings.

The Kinton Grange is an opportunity to support our local community and meet some folks in our own neighborhood. Since 1867 granges have been alcohol free so it makes for a perfect family environment!
